

Technical drawing of a staircase showing side and front elevations with dimensions.

Side Elevation (Left):

- Top landing: 120/48
- First flight: 48/50 (height 48, width 14+14+22)
- Second flight: 45/28 (height 45, width 14+14+22)
- Third flight: 48/50 (height 48, width 14+14+22)
- Bottom landing: 120/48
- Fourth flight: 48/50 (height 48, width 14+14+22)
- Fifth flight: 45/28 (height 45, width 14+14+22)
- Sixth flight: 48/50 (height 48, width 14+14+22)

Front Elevation (Right):

- Top landing: 60/48
- First flight: 48/50 (height 48, width 14+14+22)
- Second flight: 60/48
- Third flight: 48/50 (height 48, width 14+14+22)
- Bottom landing: 60/44

Dimensions:

- Flight heights: 48, 45, 48, 48, 45, 48
- Flight widths: 14, 14, 22
- Landing widths: 120, 60, 60, 60
- Overall width: 48

[illegible]

Technical drawing of a building facade showing three elevations with dimensions and window labels.

Left Elevation: Features a vertical wall section on the left with a height of 135/20. Below it is a window labeled 60/48. To the right is a larger window labeled 48/50. The total width of the facade is 48. The height of the 48/50 window is 36, with a 14-unit section above it. A dashed line indicates a continuation of the wall.

Middle Elevation: Shows a series of windows. From left to right: a window labeled 45/28 (width 28, height 36), a window labeled 48/50 (width 35, height 36), a large central window labeled 120/48 (width 60, height 36), and another window labeled 48/50 (width 35, height 36). The total width is 138. The height of the 48/50 windows is 36, with a 14-unit section above them. A dashed line indicates a continuation of the wall.

Right Elevation: Features a vertical wall section on the right with a height of 135/20. Below it is a window labeled 60/48. To the left is a larger window labeled 48/50. The total width of the facade is 48. The height of the 48/50 window is 36, with a 14-unit section above it. A dashed line indicates a continuation of the wall.
